Dear Parents

Welcome back to everyone and hope you all had fabulous sunny holidays.

We now have 13 pupils in Robins class and they have all come in full of enthusiasm! We have been thinking about our class rules (be kind and follow instructions) and they have already been earning lots of stars and tokens. I'm sure you'll agree these rules are important for success at home and at school!

We have stuck a copy of your child's timetable into their home school diary. This also shows you when the children will be joining their partner classes for lessons. We will use these diaries to communicate with you about any issues or successes your child has and please feel free to use it to send us messages too - then it's just a matter of the children remembering to tell us to look in the diaries!

This half term we will be learning about

- What do babies need
- Our school
- 999 emergencies

In maths we are focusing on addition, so any chance to practise that with you at home will be excellent. We will not be setting homework this term but of course the children need to read with you regularly - 5 minutes daily is ideal - to help them progress.

Many thanks for all you support

Ruth McGrath

Emma Cleveland

Sab Hussein

Penny Isaacs
